TP 6 - Software architecture

Liantsoa Sitrakiniavo Rakotomanana & Michel Donnet

November 13, 2023

Contents

1 Model View Controler **2**

2 Micro-Services **3**

3 Database **3**

4 Layered architecture **3**

5 Diagram of the project architecture **4**

As the diagram is very large, we decided first to break it down and visualize each of its components, then to visualize the whole.
