

TP 6 - Software architecture

Liantsoa Sitrakiniavo Rakotomanana & Michel Donnet

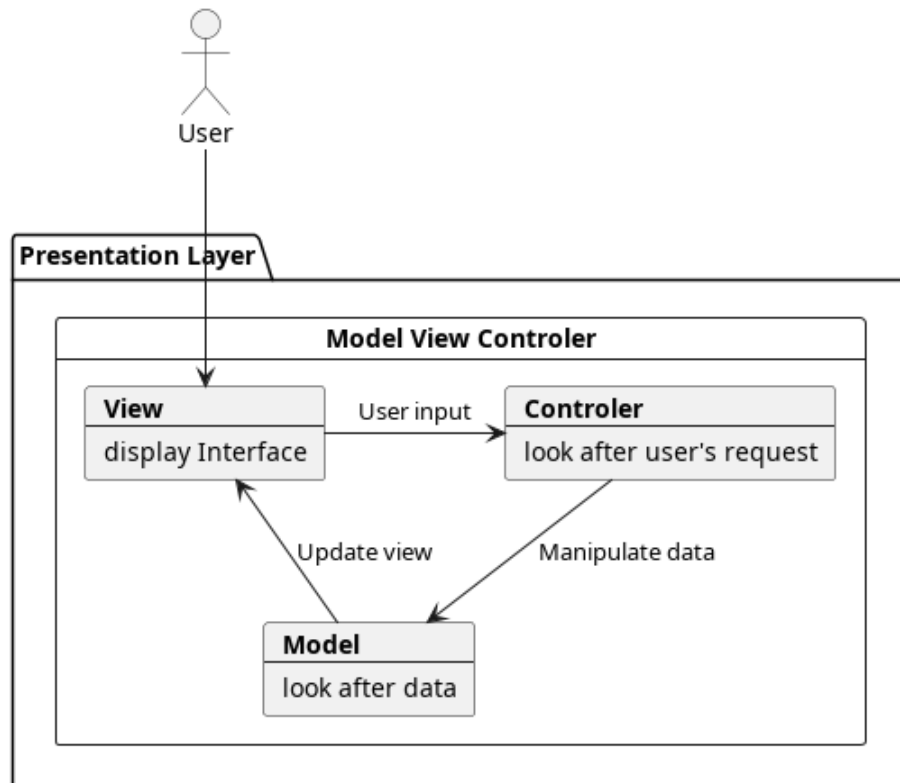

November 14, 2023

Contents

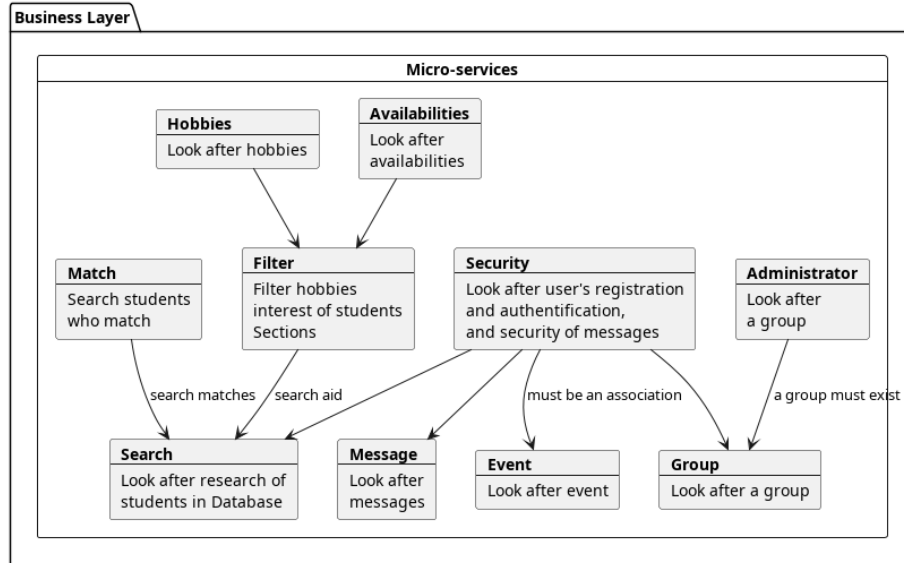

1	Model View Controler	2
2	Micro-Services	3
3	Database	3
4	Layered architecture	3
5	Diagram of the project architecture	4

As the diagram is very large, we decided first to break it down and visualize each of its components, then to visualize the whole.

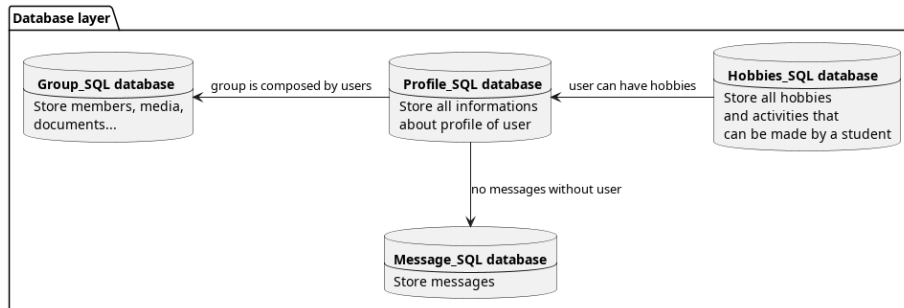

1 Model View Controller

2 Micro-Services

3 Database

4 Layered architecture

5 Diagram of the project architecture
